Happy Holidays

12/18/2015

Dear Site Operations Support Services Employees,

We are nearing the end of our first year together and already starting to develop Task Order proposals for 2016. While our work never stops, I think it is important to reflect on the progress we have made together, the relationships we have built together, and the outstanding performance we have achieved together. Success in this business is truly a team effort, and you have all contributed to a very productive and enjoyable first year. There is no better time for these reflections than during the holiday season. We all truly have much for which to be thankful.

The USSE2 staff and I wish you and your families a very safe and happy holiday season and a healthy and prosperous New Year. Enjoy your time off with family and friends. You have earned it.

Merry Christmas and Happy New Year!

Be Safe,

Dane Anderson
Program Manager, NETL – Site Operations Support Services
USSE2 O&M Services
